

Neighborhood Bike Works – NBW
(<http://www.neighborhoodbikeworks.org/index.html>) is appealing a recent denial of a Certificate of Occupancy by Licenses and Inspections for its location in the basement of St Mary’s Parish Hall, 3916 Locust Walk on the University of Pennsylvania campus.

While NBW is hopeful that the appeal will be granted given the community support that they already enjoy, having the local cycling community sign a petition asking for a variance would also be very helpful. To help NBW, please:

1. click [here](#) to complete the petition of support
2. save it to your computer, and
3. email it to petition@neighborhoodbikeworks.org.

If you have the time and interest, your attendance at their hearing is also welcome. The hearing takes place at 9:30 am on Tuesday, September 7, 2010 at 1515 Arch Street, 18th floor.

Thank you for your interest and support.
